HUGE CROWD ATTENDS 1955 WINTER CARNIVAL

Vikings In Final Home Appearances This Week

Couple Wed In Carson City

A very pretty wedding took place Saturday morning, February 12, at a nine-thirty nuptial mass in St. Mary's Church, Carson City, when Miss Joan Rasmussen became the bride of Axel Peterson of Grayling in a double ring ceremony. Joan formerly resided in Perrinton.

The bride, given in marriage by her father, Helgo Rasmussen, wore a bluish-pink satin gown with net covering the skirt which formed a long train, while the bridesmaids wore lace over satin, long sleeves, a sweetheart neckline, and embroidered in sequins. The short veil was held in place with a tangle of seed pearls and sequins forming flowers. She carried a bridal bouquet of white carnations.

Mrs. Ralph Miller Jr., of Charlotte sister of the bride, was matron of honor. She was attired in a flower length gown of white double netting over tulle with a bolero covering the strapless bodice. She wore a white nylon picture hat and carried a bouquet of pink carnations.

Mr. Perry Wells, of Lansing, brother-in-law of the groom, was best man. Mr. Ralph Miller Jr., brother-in-law of the bride seated the guests.

The Rev. Fr. John Breitenstein of Grayling performed the ceremony with gold the Mass.

The bride's mother, Mrs. Mary blue with gold accessories. Mrs. Hurl Deckro, mother of the groom, wore dusty rose wool with black accessories. They were identical corsages of yellow daffodils. James Douglas took pictures and Mrs. Douglas was in charge of the bride's party.

The theme of pink and white was carried out with the four tiered wedding cake being frosted with pale pink and trimmed with white roses, while the flowers in the church and at the wedding breakfast were on white and pink snapdragons with a touch of yellow added.

A wedding breakfast in the parish hall was served to 48 guests by the St. Mary's Altar Society, with the reception immediately following. Guests from St. Louis, Mo., Lansing, Detroit, Muskegon, Hubbardston, Middleton, Breckenridge, Wheeler, Reed City and Grayling, attended the wedding, and also came to the brides home to see them off on a honeymoon to Wisconsin, via Ludington, across the lake by ferry. For her going away dress, the bride wore a grey knitted dress.

The groom, who served three years in the U. S. Air Force and the new Mrs. Peterson are making their home at 200 Chestnut Street, Grayling.

The news of his death came as a great shock to his many friends and acquaintances at Lake Margrethe and Grayling.

County Chamber Of Commerce Plans Membership Drive Kickoff Meeting

Doug Nash To Be Guest Speaker

With Doug Nash, secretary-manager of the Grayling Chamber of Commerce as guest speaker the newly organized Crawford County Chamber of Commerce will hold a kick-off meeting prior to a membership drive next Wednesday evening, February 23rd at 8:00 P. M. at the Grayling High Gymnasium.

Chamber President Dr. Ralph Hoffman will give a progress report to date which will include some surprising information, it was said. A phone and personal contact campaign is planned in an effort to get a good turnout at the session. Chamber spokesmen pointed out that in the effort some might be overlooked and if that happened it was certainly unintentional and everyone was invited and urged to attend the meeting.

The last meeting of the Board of Directors of the Chamber was held at the City Hall on Wednesday, February 9th when the kick-off meeting plans were discussed and set up. The Board ordered the printing of a supply of letterheads and envelopes as well as a small brochure pointing out the attractions of Crawford County that will be used until a committee can set up a larger and more elaborate map folder.

A discussion was held on the possibility of a television and radio.

Topple Gaylord and Mancelona For Double Win Last Week

Move Up In Loop Standings

The fast improving Grayling High Vikings with one eye towards the March tournaments play in their final two home appearances this week as they meet Kalkaska in a non-conference fray here Tuesday night and face a strong Pellston quintet in a loop battle Friday night.

The Vikings on the road for both of last week's court contests had little trouble in defeating Gaylord on Tuesday and Mancelona on Friday. The Friday night game was a close contest for the first half with the Ironmen in front at the midway point. However, the Grayling superiority began to tell in the third period as the Vikings put the game on ice.

Friday night win over the Pellston Hornets would move the Vikings to third position. Another victory on February 25 over Boyne City there in the season's finale could nail down the conference third slot all alone for the Vikings.

This week will mark the first high school play on the home floor for three of the Grayling varsity. Co-captains Richard Red-Hamilton and Dale Pettengill and Jim Dannenberg are all slated for graduation in June and will be playing their last home games this week.

Hamilton and Pettengill have both played varsity ball since their sophomore years and this season are the Vikings one-two scoring punch. Hamilton has been leading the Northern Class C conference in the scoring race for the past several weeks and seems a good bet to walk off with the title this year. He received honorable mention last year on the All-State Class C squad.

Grayling took a 17 to 8 lead at the end of the first period of play Tuesday night at Gaylord and added 9 more in the second period to the Blue Devils' 4 to hold a 26 to 13 halftime edge. The Vikings hit for 15 and 16 points in the last two quarters of play while holding Gaylord to 14 in each of the quarters to win handily 57 to 41.

Hamilton with 24 led the Vikings scoring drive with Pettengill adding 17. Dave Lowe hit for 6, Gary Worden 4, Bob Strong 3, Carl Lusk 2 and Lawrence Crawford 1. McKillop with 10 and Ziegler and Campbell with 9 each led the Blue Devils.

On Friday night, the Vikings battled from behind to overtake a hopped-up Ironman five at Mancelona. Trailing 20 to 16 at the end of the first period, the Vikings scored 12, Mancelona's 10 in the second period to be on the short end of a 30 to 27 halftime score.

The Vikings came back for 20 points in the third period and 20 in the final quarter while holding the Ironmen to 6 and 11 respectively. The final score was Vikings 64, Mancelona 45.

Pettengill led the scoring for Grayling with 19 with Hamilton hot on his heels with 17. Lowe and Bill Kanyon each added 8 with Gary Worden 7 and Lloyd Pettig and Gary Worden each adding 3. Hardy with 12 and Lucas with 9 paced the Mancelona team.

The Vikings reserves took the measure of the little Blue Devils on Tuesday night by a 38 to 23 score but were topped at Mancelona 46 to 34.

Don Roberts with 12 points led the Vikings to their win over Gaylord with Gary Leslie adding 10, Tony Doremire 8, Ray White 3, Steve Lasker 2 and Aubrey Welsh 1. Riddle with 6 was top for Gaylord.

Leslie's 16 points was high in the little Ironmen game with Doremire adding 8, Roberts 5 and White and Welsh 3 each. Holstad with 13 led the little Mancelona team.

Two Held In County Jail

Weldon A. Wakelley, 18, of Grayling was arrested Sunday by Grayling City Police Officers Jack Hull and Martin Kitchen on a charge of assault and battery. He appeared before Justice of the Peace Hurl Deckro and was sentenced to spend two days in the Crawford County Jail.

Leon E. Granger, 18, of Grayling was held from early Sunday morning until Monday morning in the County Jail after he was arrested by State Police in Roscommon County on a charge of disorderly conduct. He was fined \$25 and costs by a Roscommon County Justice of the Peace on Monday.

Governor Crowns Michigan State Normal Coed As 1955 Winter Queen

Weather Near Perfect For Winter Show

Grayling's 19th annual Winter Sports Carnival was termed "highly successful" both by those working on the various events making up the winter show and by many, many out of town visitors here for the three day affair.

Miss Patricia Tish, a sophomore at Michigan State Normal College at Ypsilanti now rules as Miss Michigan Winter Queen of 1955 as she was crowned Sunday afternoon by Michigan Governor G. Mennen Williams on a large ice throne at the park. Miss Tish, the daughter of Mr. and Mrs. John J. Tish of Clarkston is 20 years old and stands five feet, six inches. She is studying to become a teacher and is outstanding in women's sports at college. She is an accomplished skier and skater, a true winter sports fan and such a real Queen for the state.

Registering Saturday morning for the Queen's contest besides the new Miss Michigan and Grayling's own Queen, Jean Malloy, were: Carol Ross, Miss Harrison; Sherry Rust, Miss Houghton; Kate Patricia Mackeen, of Windsor, Ont.; Miss Wayne University; Jean Hammerson, of Lewiston; Miss Sheridan Valley; Coleen McNery, Miss Pontiac; Phyllis Bolin, Miss Clare; Carol McWilliams, Miss Roscommon; Barbara Young of Pawnee, Miss Silver Lake; Mary, Miss Lake; Miss Charles Roggerman, Miss Farwell; and Beverly Wilcox, Miss Alpena.

After registering and being photographed, the Queens were guests of the carnival committee at luncheon followed in the afternoon with Mrs. Annabelle Shewell, a Lansing model, Frank Karoly of the Michigan Tourist Council in Lansing and Eldon Gever, superintendent of schools at Hamtramck acting as judges.

The Queen's Banquet was held at the Grayling Hotel on Saturday evening with Ray J. Kuhn of the Bay City Times acting as toastmaster. Besides the Queens, downstate visitors and carnival officials attended the affair.

The Queen's ball was held in the high school gymnasium from 9 P. M. until 1 A. M. with the Charles Holtzman orchestra furnishing music for dancing. The dance was a success.

Michelson Men's Club Hold Potluck Dinner

The Men's Club of the Michelson Memorial Hospital held a potluck dinner at the church parlors on Wednesday, February 9th. There were about 75 in attendance who enjoyed a varied and bountiful food.

The meeting following the dinner was presided over by Don K. Gethro, the club's new president for 1955. He named the various chairmen of committees who will aid him in carrying out his program for the year.

President Gethro then turned the meeting over to Ted Wheeler who was in charge of the entertainment for the evening. In that the club's new program was being introduced, a short film of a trip taken last summer to a Boy Scout camp in New Mexico by Mr. Reist and a group of Explorer Scouts from Roscommon. Mr. Reist has become quite well known in Grayling for his feats of magic and closed an enjoyable program with several puzzling displays of trickery.

The next regular monthly potluck meeting will take place at the church on Wednesday, March 9 at 8:30 p. m. The club extends an invitation to anyone who is interested to attend whether a member of Michelson Memorial Church or not.

48 Queens were introduced at 10 P. M. entering the gym through the door of an igloo and taking their places on a most cleverly constructed merry go round.

John Anderson, manager of WFTN-TV, Traverse City presented the new Miss Michigan to the crowd attending the ball.

Sunday morning found throngs of winter sports fans enjoying skiing, skating and tobogganing at the park in nearly perfect weather. Saturday proved to be a little on the cold side but Sunday, although quite cloudy, was a little warmer and the sun occasionally peeked out.

Governor and Mrs. G. Mennen Williams accompanied by their secretary Paul Weber arrived in Grayling shortly after one o'clock Sunday and were guests at a luncheon arranged by William Hines who later introduced the Governor as the park.

Following the coronation ceremony, the Pontiac Skating Club presented an ice revue. The Pontiac Club is one of the oldest and finest skating organizations in the state and Sunday marked their 15th consecutive appearance at the Grayling Winter Sports. It was interesting to note that in their ranks were six former Pontiac Queens.

Louis Stillwagon acted as master of ceremonies for the coronation ceremony and presented William Hines of Grayling who introduced Governor Williams to the huge crowd. In an elaborate outdoor ceremony, former Miss Grayling and Miss Michigan of 1954, Phyllis Goss was replaced by Miss Tish who took the title of Miss Michigan Winter Sports of 1955.

Following the ceremony, Governor Williams found time to drop in and call upon Dr. Claude R. Keyport in Grayling who is continued to his home. On Saturday evening, Grayling Queen Jean Malloy was crowned by William Hines, Colleen, Nancy, Hilson, Denise Sorenson and Marian Milikin called on Dr. Keyport. All five of the young ladies were brought in to the world by the doctor who was one of the prime movers in the development of winter sports in Michigan and the Winter Carnival.

Besides the many, many hundreds who arrived here during the week end to attend Michigan's oldest winter carnival, at least three groups of winter residents arrived by charter bus. Wayne University students arrived here Saturday by special bus as did a group from the Hamtramck public schools and the University of Detroit.

Ray Trudgen of Grayling served as general chairman of the carnival and was assisted by Lewis Stillwagon, Neil Olson, Russell Carlson, Mrs. E. E. Henis, Mrs. J. F. Cook, Mrs. A. J. Sorenson, Mrs. Roy Trudgen, Mrs. Ella Wilcox, William Hines, acting on the committee to decorate the school gym for the ball were Mr. and Mrs. Robert Bovee, Mr. and Mrs. Thomas Welsh, Mr. and Mrs. Leslie Hunter, Mr. and Mrs. Leonard Knibbs, Mr. and Mrs. Robert Welsh and Mrs. Glenn Fenton. Mr. Burns and Jerome Kessler handled the ticket committee for the ball.

"All carnival committees turned in perfect performances," Chairman Trudgen said. "Everyone was tremendously impressed by the decorations for the ball including the merry-go-round. The committee is to be congratulated on a job well done as are all of the others."

Michigan's 1955 Legislature Faces Old Issues As Well As New Ones

Michigan's 1955 Legislature is getting off to one of the roughest starts in years, beset by the ghosts of old issues and the birth of new problems.

However, and the cost of government combine the ingredients of the biggest issue: Money.

The state ended the fiscal year with a \$3,000,000 surplus in the treasury, not counting the deficiencies of overspent public agencies. The road ahead will be rocky.

Gov. Williams checked in with a budget which forecasts a \$400,000 deficit next year unless another source of revenue can be tapped.

Then comes the rest of his program, a multi-million dollar bill for education on the one hand, and a bond issue to cost initially \$500 million; expansion of services elsewhere.

The big problem, which nobody has discussed yet is where to get the money for these things, said Senator Creighton R. Coleman (R-Battle Creek).

Tax plans are popping up in every corner of the legislature. Some legislators favor a new batch of "nuisance taxes," on motor, most rooms, state drinks, other goods and services. Williams would like to have his corporation profits tax.

Nobody doubts that the controversial Business Activities Tax will be extended beyond its March 15 expiration date. Both Democrats and Republicans want to avoid another direct assault on consumers.

Senator Carlton H. Morris (R-Kalamazoo), new tax committee chairman in the Senate, said: "Whatever kind of tax is enacted, we all know that in some way the consumer is going to have to pay it. It's a question whether we can afford these expansions at this time."

Highway Speed Limits will be an issue again, with State Police Commissioner Joseph A. Childs for the first time in support of a ceiling.

The bills came pouring in for a 55 mile an hour daytime limit and 55 at night.

Childs cites surveys showing that motorists cannot step in the distance covered by their headlights at night if they are traveling.

The increases in the number of accidents in which drivers lose control of their cars is another indication that speed kills and that a limit is necessary if it cannot be self-imposed.

Prosperity Continues in Michigan. Banking Commissioner Maurice C. Eveland said that the 1954 total resources of state banks reached

Letters To The Editor

Isn't it enough for people to endure listening to sales talk six days a week without being obliged to listen to the same thing on Sunday? Why can't these same people put on a story with a moral or as one company did, some time ago, when they simply used their name, and gave the Sweetest Story Ever Told over radio stations. Can't our radios and television be put to work for good, or must the stories and pictures be used to foster vanity, crime, sensuality, gun toting and actual vulgarity?

How long must decent people endure this without complaint? How long must a sales talk of dope such as liquor, tobacco and other conscience-smothering stuff, be exploited? There are few of God's people, who would welcome the day, when God acts, can be exploited instead of fifth. Give our sound waves one day's rest and perhaps we would not have so many hurricanes and tornadoes.

The Railroads —

Our No. 1 War Asset

AMERICA is committed to a policy of doing all it can to prevent a war. Simultaneously it is maintaining as far as possible the kind of economy that has in the past given us superiority in time of war.

No one who has lived through two major wars and Korea can dispute the great contribution to them by the railroads.

Despite all modern developments of other means of transportation, the fact remains that the vast bulk of war materials and personnel must be moved on rails.

The stepped-up production of heavy goods required by war is possible only with a network of railroad systems operating at full efficiency.

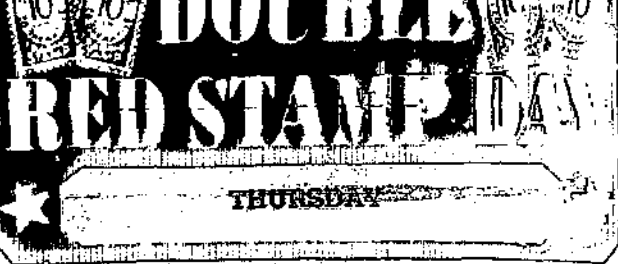

American has that although America should give full thought to assuring that full efficiency.

Swiftly Gets Slowed Down

Swiftly Fisher has a short temper and really hit the roof when he got a parking ticket last week. He wasn't near a hydrant or too far from the curb. There was a big sign saying "ONE HOUR PARKING" and he'd only been gone twenty minutes.

Running to Traffic Court, where Hack Miller was on duty, Swiftly hollered how he hadn't done anything wrong... how he is the most law-abiding driver in town.

But Hack examined the ticket, and smiled, "Slow down, friend," he said. "You're not guilty."

Preserving Local Responsibility

Education, like many other activities in these days of expanding governmental authority, faces the danger of federal domination. It will be a sad day for the cause of human freedom if the American educational system should fall under the control of central government. Education has always been the responsibility of local communities and private citizens. It must continue to be.

To an ever-increasing extent institutions of higher learning are looking to industry for financial aid, and industry is responding in many ways.

The magnitude of higher education's coming problems were recently discussed by Dr. Robert E. Wilson, chairman of the Standard Oil Co. of Indiana, before a group of business leaders in Chicago. He pointed to a prospective 70 per cent growth in enrollments in the next fifteen years in the nation's colleges, and appealed for a higher percentage of unrestricted gifts by corporations to institutions.

Another speaker, Irving S. Olds, former head of a major steel corporation said, "It is unthinkable that because of apathy or inaction on the part of American industry, education in this land of freedom falls under the complete domination of the state, as has happened in many parts of the world."

We can be thankful that men of this caliber and foresight are taking an active interest in preserving the tradition of local responsibility in our schools.

When A Tariff Isn't A Tariff

Most people think of tariffs in terms of protecting jobs, or preserving industry. But there is a case when a tariff increase was imposed for different purposes altogether. That was the tariff increase on Swiss watches announced last summer by President Eisenhower.

This tariff was put on for one reason and one alone: national defense.

No other industry works with such tiny tolerances

as the highly skilled technicians in the American watch industry. They are the only people in all of America who can make the tools for guided missile heads. In fact Committees appointed by President Truman and Eisenhower both declared the U. S. watch industry essential for our national defense.

The Swiss now have 85 per cent of the American watch market. Many skilled U. S. watchmakers, because of the flood of imports of Swiss watches, have had to go into other fields and their skills were lost to our defense program. That is why the Office of Defense Mobilization not only declared jeweled watch-making an essential one for our national security, they also said that we were below the danger point in the number of watch makers needed for war production.

So we got a tariff increase on watch imports; not for trade purposes, but for national security reasons.

Where The Trouble Lies

Senator Byrd of Virginia recently made this significant comment on the federal budget: "We are enjoying the greatest prosperity in our history. We are not engaged in war. If we cannot balance the budget now, I ask when can we balance it?"

The basic trouble lies in the Big Government philosophy. Economy in government will remain a will-o'-the-wisp so long as we must support a government which provides all sorts of services and projects that the people can and should provide for themselves.

23 Years Ago

(Continued from Page Three)

A four year old girl of George Horton of Frederic set fire to her clothing in some way Monday evening and was terribly burned so that life was despaired of for a while, but it is now reported that she may recover. Her mother was severely burned on her hands and arms in her efforts to subdue the flames.

Last Saturday was a red letter day in Frederic, which will be long remembered. It being known that the declining health of Dr. O'Neil had decided him to move to another climate, the citizens, en masse, decided to give a farewell reception to the Dr. and his wife, and from the crowd we judge every one was there. The Opera House was more than crowded and the hours passed with music and socially mingled with sincere regrets that they

must lose the family, who have a most enviable place in the hearts of the entire people in the north part of the county. A sumptuous banquet was served, and as a souvenir of the occasion, and an expression of good-will the Dr. was presented with a fine gold watch, and Mrs. O'Neil with a fine diamond ring. All hope for the complete restoration to health, and that he may return to Michigan.

Died—at his home in the east part of this township Tuesday, February 16th, Fred Hoelsi, aged 58 years. The deceased was born in the Canton of Glarus, Switzerland in 1851, where he received the liberal common education of that land and learned the trade of gunsmith. He came to America in 1888, and drifted to New Orleans, and back to Cincinnati, except the time for one brief visit to the Fatherland, until 1922, when he came to this country and located a homestead on Section 26 in Township 27 N. Range 2 W. then a part of the Township of Grove, but now part of Grayling.

NO GHOST TOWNS

For hundreds of Michigan communities, motor vehicles are the sole means of transportation — autos and buses for passengers, trucks for freight. These communities are not served by any other transportation system!

Yes, wherever there are roads — and Michigan is known for its many miles of good highways — trucks can and do perform a vital service for the people, bringing them everything they eat, wear or use — swiftly, economically.

There are no ghost towns in Michigan. Folks in small, out-of-the-way communities are as well fed, well housed and well clothed as the people of Michigan's largest metropolitan centers — thanks to trucks.

Roseville father says, "We paid a \$1581 debt with four dollars!"

"A guy is pretty lucky when he can clear up a \$1581 debt with one four-dollar payment," says Mr. Engle of Roseville. "That's just what happened when our two-year old daughter was hospitalized for 76 days. She had been seriously burned and required constant attention in the hospital... so much so, in fact, that the hospital bill was \$1581! But all we had to pay was four dollars and all the rest was automatically taken care of by our Blue Cross Compensation Contract. On top of that, Blue Shield paid the biggest part of our doctor bill. Yes, but we're a Blue Cross - Blue Shield family... for keeps!"

The chances that your family will have an unexpected medical bill within a year are 1 in 2. With odds like that, wouldn't it be well worth the little it costs to have Michigan's most widely accepted protection against hospital and doctor bills - Blue Cross - Blue Shield?

Find out how your family can enjoy low-cost group coverage for as few as 5 employees may qualify as a group. Today, call or write: Blue Cross - Blue Shield.

CARD OF THANKS

I wish to express my appreciation and thanks to many acts of kindness during my illness.

MELODIE COCA, who has found it pretty rough going without her former co-star, Sid Goetz, is beginning to find the range on her own.

It still isn't the same as the team. Most of these days both these performers are going to admit they should never have gone separate ways.

The team was terrific. Danny Thomas and spouse celebrated their 19th anniversary recently, always a happy note in a divorcee's life.

Breakfast Club, one of the better morning TV shows, may have to withdraw from the field because of lack of sponsors.

Just being visited Florida for the first time recently by Ella Rayworth and hubby Dick Haynes are planning a Las Vegas appearance together. They have been allegedly offered \$50,000 for one week.

Perry Como was offered as much for a week but he refuses to leave his family quite. Here is one fellow who fully enjoys the life with his lot, namely radio, TV and his records. He is not anxious to try with marital happiness by trying new ways of making more money.

PLATTER CHATTER COLUMBIA: Art Carney, Jackie Gleason's biggest asset, has a new record, written and introduced by him on the Gleason TV show, "Sheep, What a Grouch!"

This, of course, is the favorite expression of Ed Norton, played by Art in the hit "The Money Men."

Don't you enjoy it, especially if you're a TV fan? It's backed by "Sheep, What a Grouch!"

The wonderful Gladys Jackson was a live disc on "Walk Over God's Heaven" backed by "Jesus Christ the Coming of the Son."

At the Grayling Mercy Hospital many prayers, flowers, gifts, cards, letters and visits gave encouragement and much happiness.

Special thanks to the Board of Education, Superintendent Howe, Teachers Club, High School Employees, Students, City, Bachelors Ball, Youth Episcopal Church, Carolers from the Lutheran Church, Eastern Star, Radio Station WHGR, Sisters, Doctors, Nurses, Rev. Root, Rev. Light, Rev. Puffer, Father Izzo and Father Brodowski.
